Circular No. SHCS/02/2023

10.08.2023

Dear Parents/Students

**“What is now proved, was once only imagined”.....William Blake.**

If you are able to harness a greater ability of mindfulness, you will be able to exert greater effect in your life and surrounding. And the reflection that you see could literally be the template. The driving force and the handmade into all of this is an **Elevated vision**.

Once you set our vision, you can achieve anything that you want to, independent of what anyone says about it, what your senses tell about it and independent of all the evidences that may be to the contrary. You will feel so empowered once you recognize your inner potential.

You are a spark that can grow until you discover your extraordinary self and recognize that you are truly a divine being. You become more **energy than matter**, experience awe before the mystical moment and function as quantum mind. You become a magnet to attract, **people, talent and resources**.

**There is an African Proverb that reads, ‘when there is no enemy within, the enemy outside can do you no harm’.** When you refuse to allow any doubts in your mind, no doubt from others will ever cloud your judgment.

Mind possesses great power to literally bring about changes in any circumstances. With ordinary talents and extraordinary perseverance, all things are attainable.

**Dear students**, as you prepare for your forthcoming examination, you need to have a focused vision and determined mind to achieve heights of success.
